

# Nanoelektronika podstawy

A. Kołodziej

# Rozwiązania oparte na równaniach Schrödingera

High and thick barriers, a trap state in side thick barrier tunnel/hopping conductivity

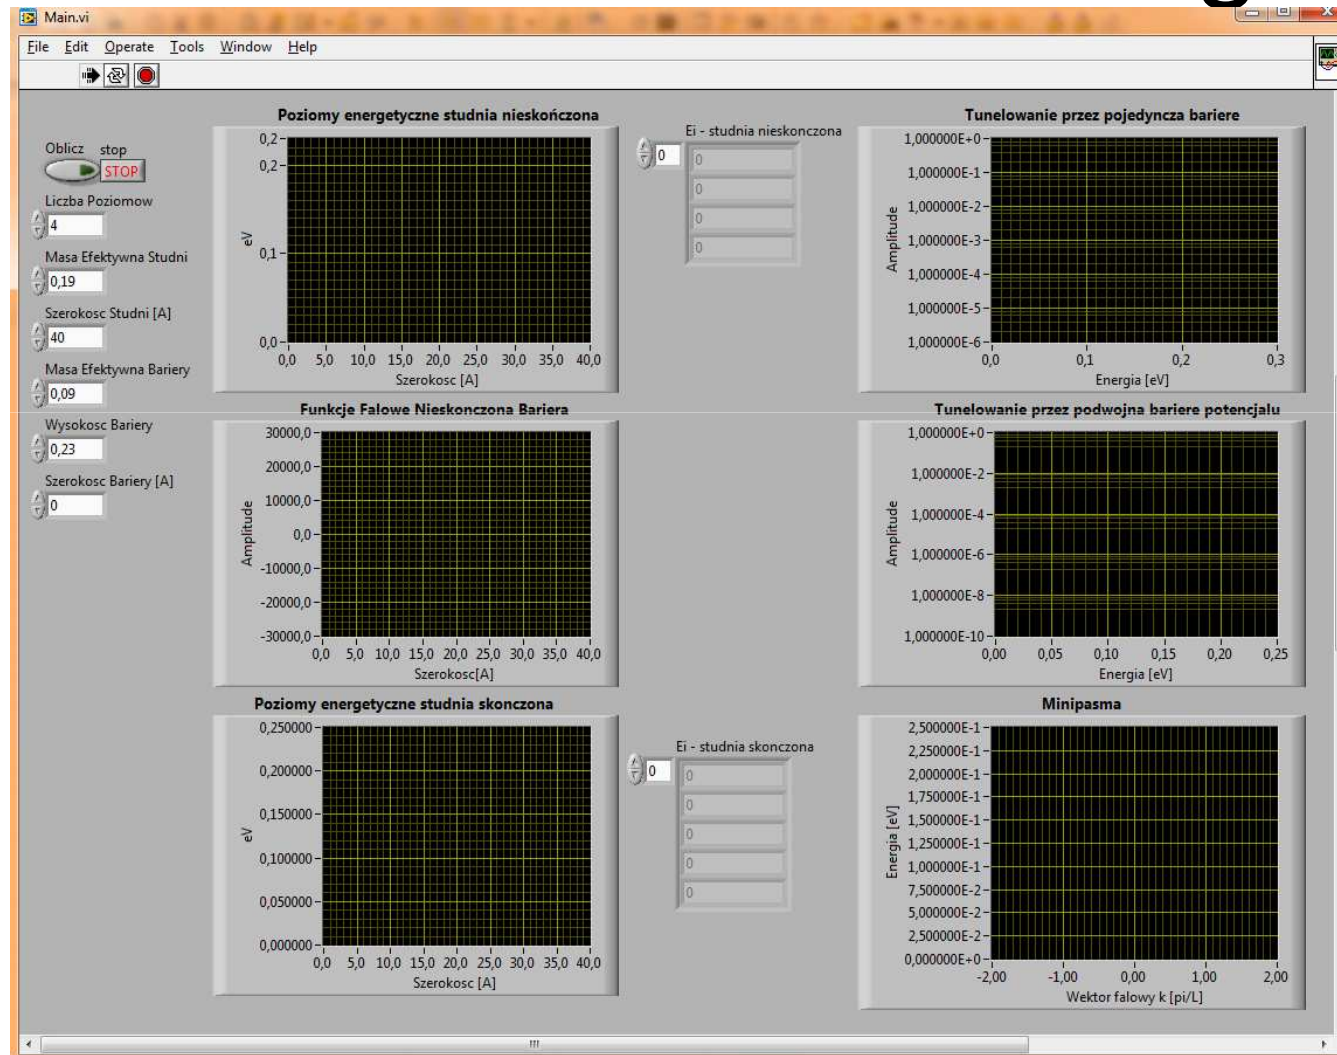

High and thicker barriers tunnel conductivity

Low and thin barriers nc-Si in a-Si:H thermionic diffusion and tunnel conductivity

# Symulacje oparte na równaniach Schrödinger'a

# Optymalizacja studni i bariery
